MIGUEL TITECA

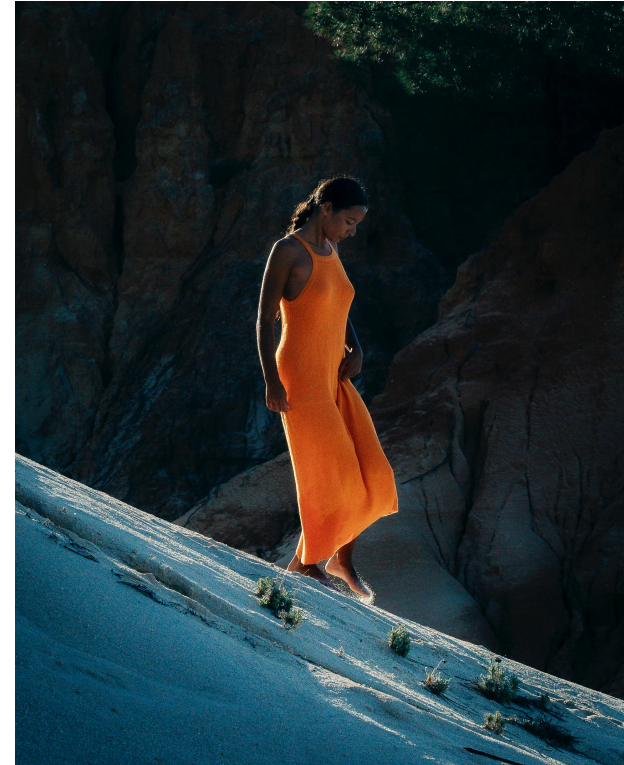

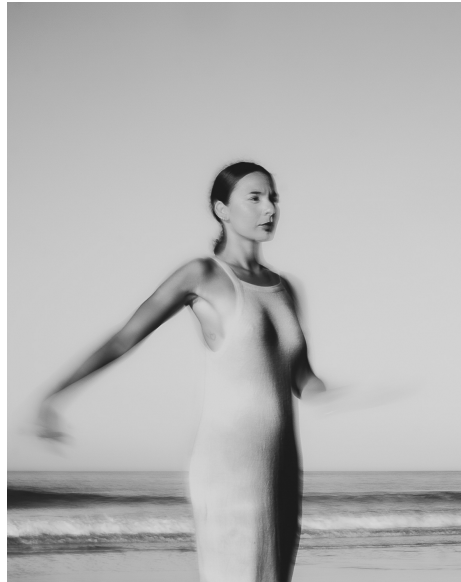

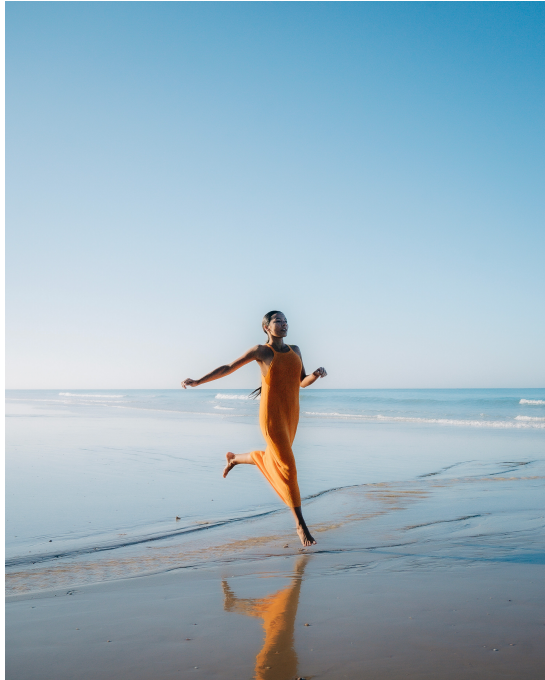

Miguel Titeca is a Belgian photographer whose passion lies in capturing movement and the complexities of light.

Specialising in Creative, Street and Aquatic Lifestyle Photography, he found inspiration in the south of Portugal.

This is where his love of characters and elements, nature and outdoor living directed him to pick up a camera and capture life through the lens.

BOOK BUSCA

This book is the culmination of my passion for creative, art and aquatic photography and showcases my favorite images.

"Busca" is not your typical photography book - it features bold and unconventional images that push the boundaries of traditional photography. I wanted to create a book that would inspire and captivate others with its unique and imaginative perspectives.
